The Developer

Henry Materna

Henry Materna

Owner and Developer of the Peninsula

As a producer and director of many award-winning TV documentaries, I have traveled around the world for 35 years and seen many fascinating places. But when visiting Norris Lake, I fell in love with this stunning setting and immediately knew that this was where I wanted to be. I purchased 450 acres with the intention to create an exclusive gated lakefront community.

This vision is now a reality, as a number of happy owners have built the homes of their dreams. These homes have become a showcase on Norris Lake. To ensure the Peninsula standards are maintained, I have applied restrictions which not only protect the investment, but considerably increase the value of the properties. Unlike some developments, there are no rental programs, no condominiums or villas. Only custom-designed, attractive, single-family homes will be built.

The lots at The Peninsula lakefront community give you some of the most breathtaking views on Norris Lake. These views, along with a world-class living experience, offer a paradise like no other. As the community continues to mature and grow the prices of the lakefront properties are only going to rise. When you combine luxury with the beauty of nature you attain an excellent investment. And, with the cost of construction lower than it has been for years, now is the time to build your dream home.

The Peninsula is the perfect lakefront gated community if you want to work from home in the best office the world can offer, invest in a promising real estate opportunity, or simply retire to a retreat where you can rejuvenate your spirits and health for a weekend, a season, or many years.

Let the sounds of nature wake you up in the morning and hum you to sleep at night. This is a place where you fall in love with living. Come live in this exclusive gated lakefront community that combines modern-day living with the beauty of nature at its finest.

Lifestyle

If you are looking for something special, The Peninsula may just be the perfect place where dreams really do come true.

What makes the Peninsula at Norris Lake so special? It's not just the awesome vistas of Norris Lake and the Cumberland Gap Mountains that bring distinguished buyers to the Peninsula. They want a place to relax, a sense of privacy, and equally important, the protection of their investment. The developer and his son, who is an architect, only allow custom-designed houses with a minimum of 2,900 square feet to be built. This ensures only homes of the highest quality are built so that the properties increase in value over time.

This development is small, and that is what we like. To make certain that The Peninsula Lakefront community attains the uniqueness conceived by its founding members, only single-family, custom-designed homes will be built. No condominiums, villas or rental programs will be allowed. Unlike most gated communities developed around lakes, only part of the 450 acres of The Peninsula will be developed for residential and recreational use.

Another important aspect which sets the Peninsula apart from other developments is that we do not sell out and move on to the next project. Our family has been residing here since 1975 and will continue to do so. We are committed to the Peninsula and its residents to make sure that the Peninsula will remain a premier development. These are some of the reasons why the Peninsula is a place on Norris Lake like no other. So come and see for yourself!

Community Highlights

- Unlike most gated communities developed around lakes, only part of the 450 acres of The Peninsula will be developed for residential and recreational use
- Minimum square footage is 2,900
- Lots are 0.6 to 1.3 acres with a lake frontage of 140-500 ft
- No condominiums and no rental programs are allowed
- CCRs in place to protect your valuable investment
- Mowing service and boat dock moving available at a minimal cost

Lake Community

If you're looking for an exclusive and private lakeshore slice of paradise on the most beautiful lake in East Tennessee, then the Peninsula is it! No matter where you go, lakefront communities are in demand. But you won't find a community anywhere on Norris Lake that offers the views, private boat docks, sailing, fishing and swimming available at the Peninsula.

Norris Lake is truly one of the most beautiful lakes in East Tennessee with over 880 miles of protected shoreline, you can enjoy this precious natural resource all year.

"At The Peninsula they do it right: big lots, beautiful, high quality homes individually design to fit the location. Strict regulations resulted in an exclusive gated lake front community. These features not only protect my investment, but considerably increase the value of my property. Besides it's a great place to be. For my family and relatives the Peninsula is their little paradise."

- The Healey's, Lafollette

Norris Lake stands for crystal clear water, swimming, water skiing, boating, fishing, golfing and endless spectacular scenery. Though this premier lakefront community seems to be on another planet, light years removed from the noise and bustle of city living, there are four restaurants, a challenging 18-hole golf course and a marina just five minutes away. Across the lake, no development will take place, protecting your privacy and ensuring that your breath-taking views from the Peninsula will remain untouched. It is part of the Chuck Swan Forest and Wildlife Management Area, with its thousands of acres of unspoiled forest and hundreds of miles of ever-changing shoreline.

The Peninsula on Norris Lake

Lafollette, TN — If you're looking for a premier gated lakefront community on Norris Lake to build your dream vacation home, then visit the Peninsula for a personal tour of this beautiful lake community. Best premier lake lots on Norris Lake now available for sale.

The Peninsula is a lakefront community built on 450 acres of exhilarating perfection and to many is often referred as the crown jewel of Norris Lake, Tennessee. The town of Lafollette, TN may be small but this waterfront development offers unparalleled views of mountains and lake for those who seek a comfortable and peaceful lifestyle. The Chuck Swan Wildlife Management Area surround and naturally protect the Peninsula with acres of protected unspoiled forests and miles of shoreline.

Today, the Peninsula is maturing and the vision of Henry Materna (owner and developer) is coming true. A string of custom one-of-a-kind designed lake homes have become a showcase on Norris Lake. Although the majority of homes at this lake community average around 4,500+ sq ft or more the minimum square footage to build is 2,900 sq ft. No condominiums or rental programs are allowed or time limit to build. Thus, helping preserve the integrity and increasing value of homes over time. Covenants and restrictions are in place to protect this valuable investment.
